Hint: For the most accurate results, measure yourself in your undergarments.

- **Neck:** Measure around the base of your neck, inserting your forefinger between the tape and your neck to allow ease in fit.
- **Chest:** Measure around the fullest part of your chest, keeping tape firmly under your armpits and around your shoulder blades.
- **Waist:** Measure around your waist, slightly below your natural waist, where you normally wear your pants. Insert your forefinger between the tape and your body to allow ease in fit.
- **Sleeve Length:** Bend your arm slightly. Measure from center back neck, across your shoulder, down to your elbow, down to your wrist.
- **Hip:** Measure around the fullest part of your hips, inserting your forefinger between the tape and your hip to allow ease in fit.
- **Inseam:** Measure a similar pant that fits you well. Measure along the inseam, from the crotch seam to the bottom of the hem.
