## How to Measure Yourself for a Great Fit

Hint: for the most accurate results, measure yourself in your undergarments.

**Chest:** Measure around the fullest part of your chest, keeping tape firmly under your armpits and around your shoulder blades.

**Waist:** Measure around your waist, slightly below your natural waist, where you normally wear your pants. Insert your forefinger between the tape and your body to allow ease in fit.

**Sleeve Length:** Bend your arm slightly. Measure from center back neck, across your shoulder, down to your elbow, down to your wrist.

**Neck:** Measure around the base of your neck, inserting your forefinger between the tape and your neck to allow ease in fit.

**Inseam:** Measure a similar pant that fits you well. Measure along the inseam, from the crotch seam to the bottom of the hem.
