# How to Measure Apparel

## HOW TO MEASURE

If you are unsure which apparel size to purchase, please follow the below steps:

### BUST:

Run the tape measure around the fullest part of your bust, then relax your arms.

### CHEST:

Run the tape measure around the fullest part of your chest, then relax your arms.

### SLEEVE:

Hold the tape measure so that it starts at the center back of your neck and extend it along your arm to the wrist bone. Make sure your elbow is slightly curved, and not fully straight.

### WAIST:

Start at the base of the ribcage, running the tape measure around your body.

### HIP:

With your legs together, run the tape measure around the fullest part of your hips.

### INSEAM:

For full-length pants, measure with straight legs from the inside leg at the groin to one inch below your ankle.

# Footwear

## HOW TO MEASURE

If you are unsure which shoe size to purchase, please follow the below steps:

1. Draw a straight line longer than your foot on a piece of paper.
2. Place the paper on a flat surface. Stand on the line with your heel and longest toe centered. If measuring a child's foot, it may be easier to hold the paper up to their foot.
3. Place a mark on the line at the tip of the longest toe and at the back of the heel.
4. Repeat steps above for the other foot.
5. Measure the distance between the marks. Taking the larger of the two measurements, use the conversion chart to find your correct shoe size.

## HOW TO MEASURE WIDTH

If you are unsure which shoe size to purchase, please follow the below steps:

1. To find width, measure from just below the ball of your foot to the outside, below the base of the pinky toe.
2. Repeat for both feet: the larger measurement represents your foot width. Round up or down to the closest size within 0.5mm.

# Gloves

## HOW TO MEASURE

If you are unsure which glove size to purchase, please follow the below steps:

1. Above the thumb, use a tape measure to find the circumference of your dominant hand.
2. Use the size chart to determine your glove or mitten size.

# Hats

## HOW TO MEASURE

If you are unsure which hat size to purchase, please follow the below steps:

1. Measure the circumference around your head, keeping the tape level and firm across the temples and above the eyebrow ridges.
2. Determine your hat or cap size using the size chart. If between sizes, select the next size up.
